Ask VVS — the AI assistant

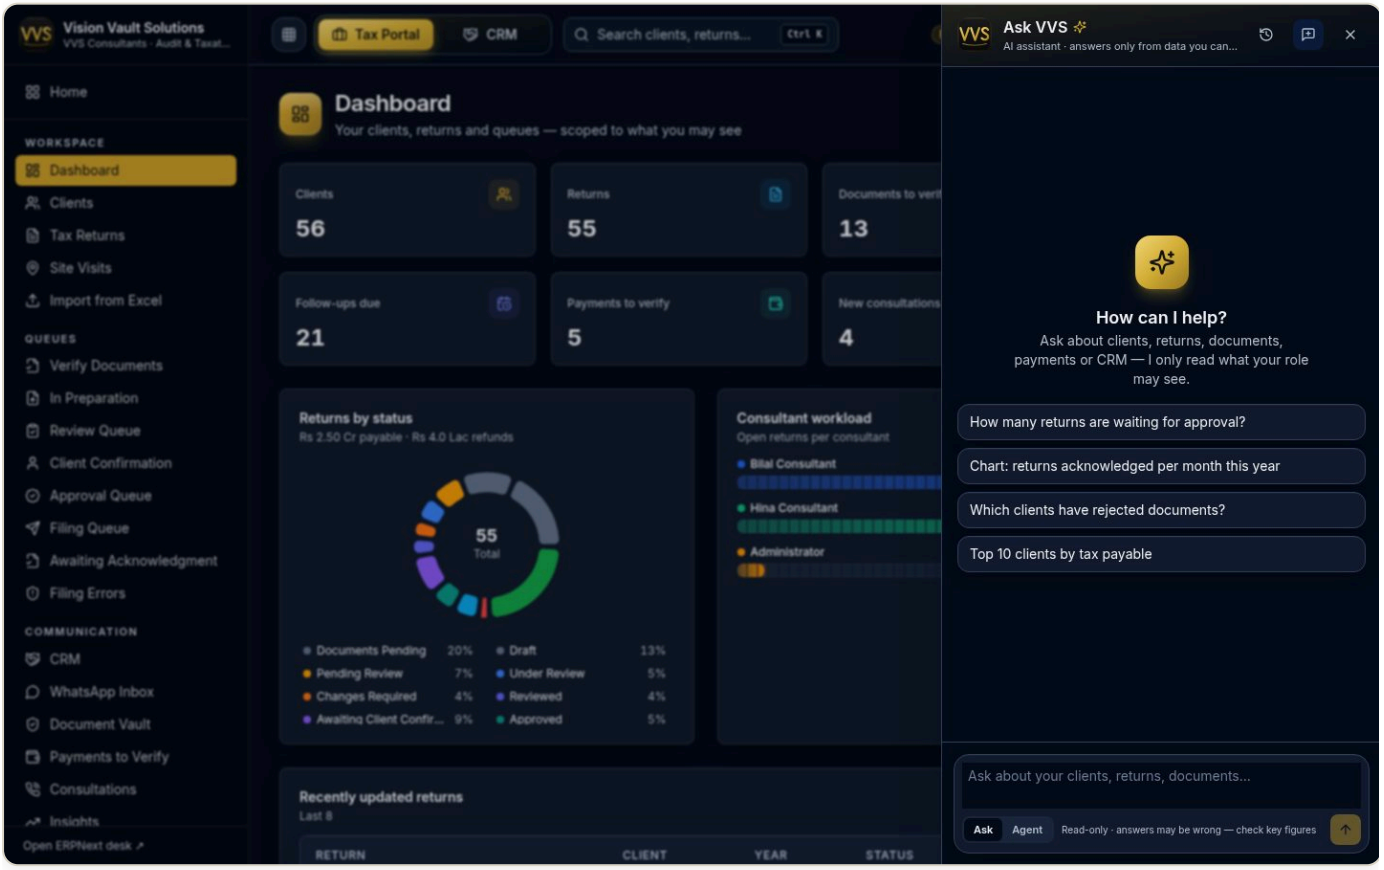

Ask questions about your clients and returns in plain language. Ask VVS reads only what you may see.

1 · Open	2 · Ask	3 · Charts	4 · Agent	5 · Approve
Ctrl J	Plain language	In the answer	Proposes changes	You decide

Who: Team members it is switched on for (**Team** page)

1 Ask a question

1. Press **Ask VVS** in the header (or `Ctrl J`).
2. Examples: *How many returns are pending review? Show this client's status.*
3. **Agent** mode can prepare a change; nothing is saved until you press **Approve**.

The Ask VVS panel.

Screens in this guide are from the VVS tax portal with demo data (November 2026). Tax figures shown are estimates from demo slab rates.
