# Register a client and invite them

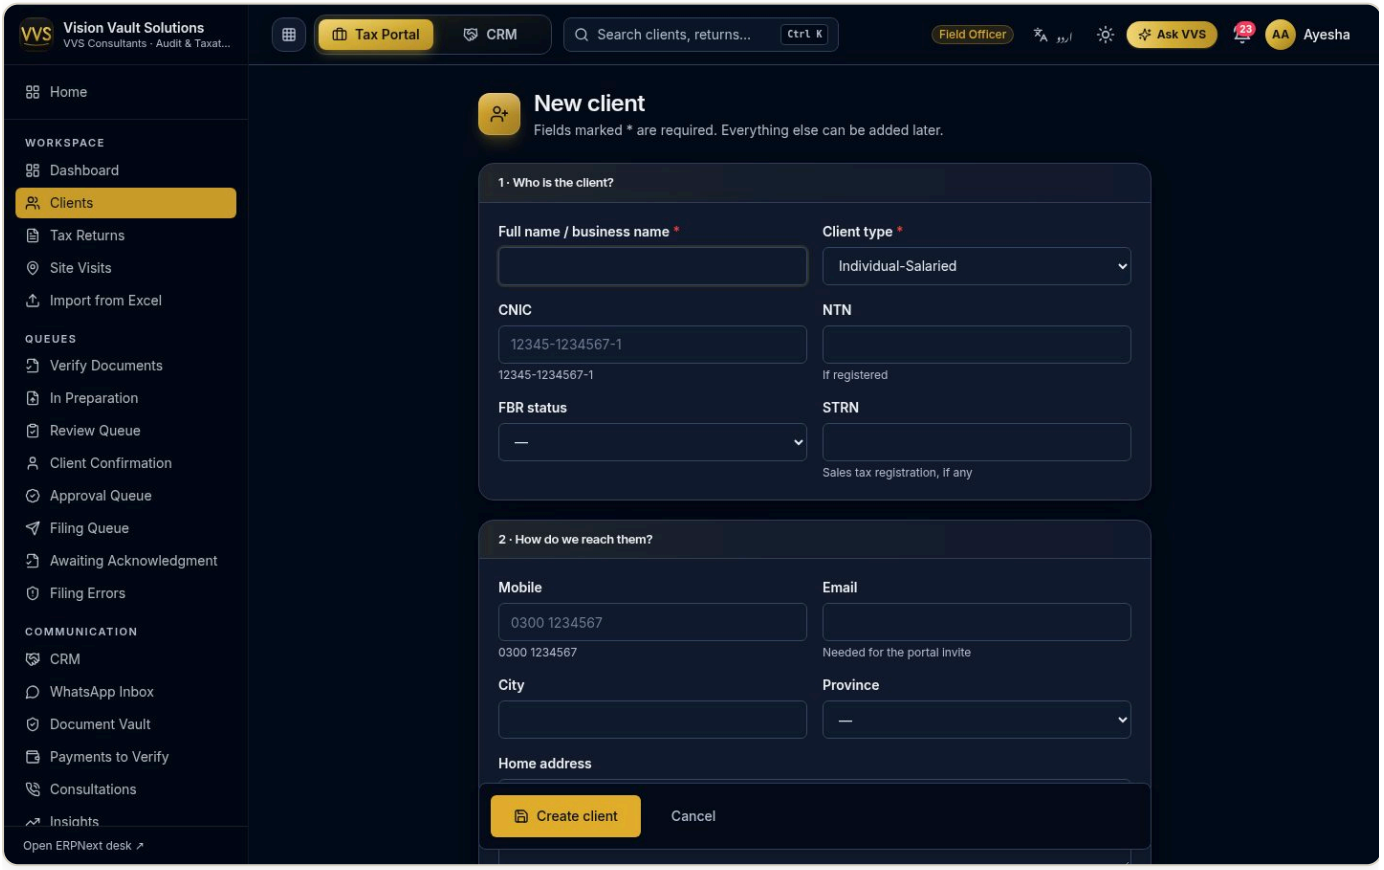

A client who comes to the office or calls: register them once, give them a permanent client code, and invite them to the portal.

| 1 · New client | 2 · Identifiers | 3 · Code | 4 · Invite | 5 · Return |
|---|---|---|---|---|
| Name, type | CNIC, NTN, mobile | C-00456 | WhatsApp or email | Open the year |

Who: **Tax Consultant** · **Tax Admin** · **Field Officer** (from a visit)

## 1 New client

1. **Clients → New client**. Enter the name and client type; the rest can follow.
2. CNIC, NTN, mobile and email are checked against existing clients, so nobody is registered twice.
3. Choose the consultant who will handle the client.

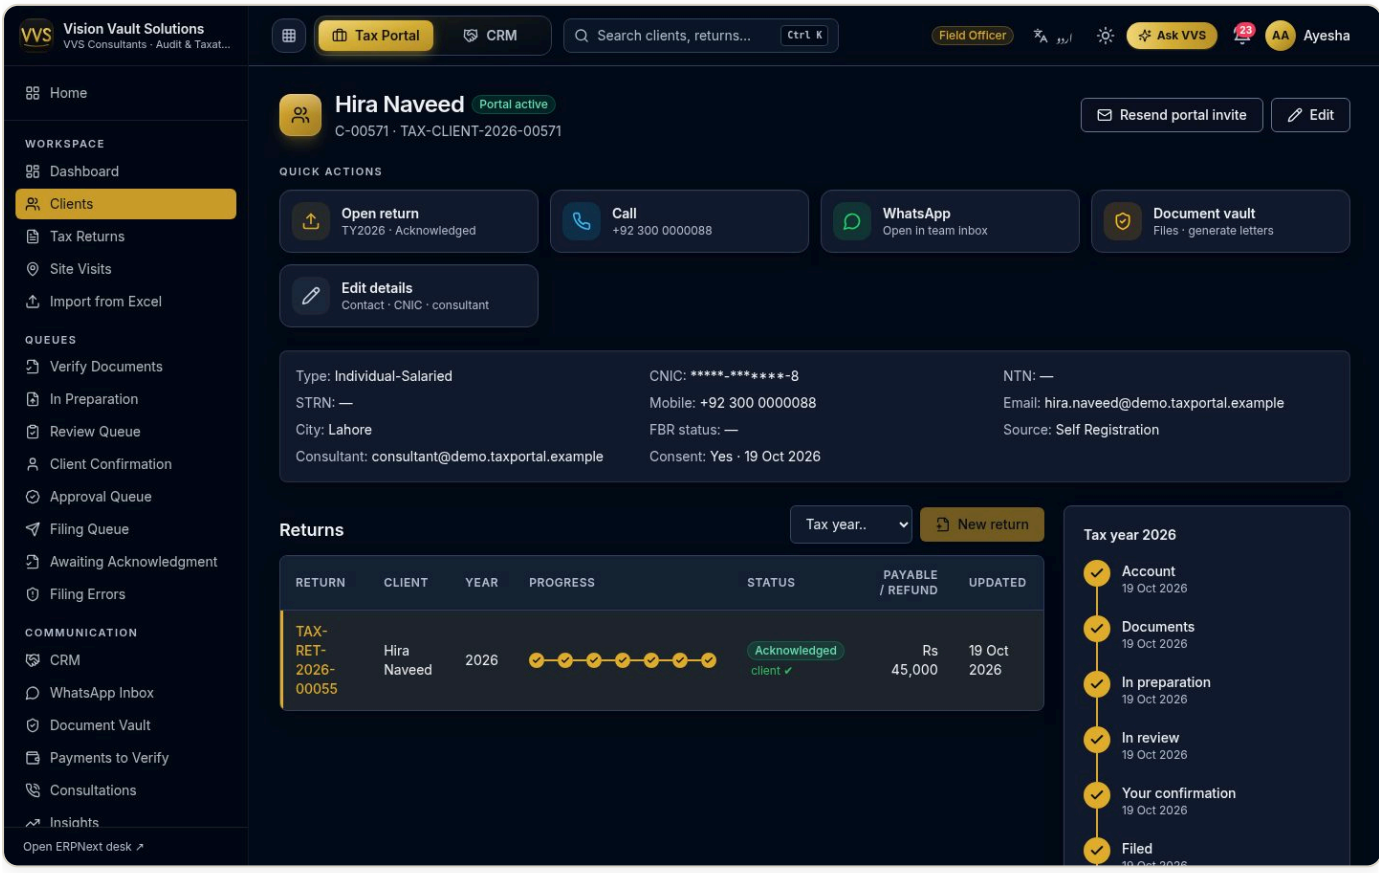

New client form.

## 2 The client page

1. The client gets a permanent **client code** (C-00456), shown under the name and searchable everywhere.
2. **Invite to portal** creates the login and gives a link to send on WhatsApp or by email.

3. **Open return** starts the tax year's return with its document checklist.

Client page: code, returns, documents, fees and messages.
