VISION VAULT SOLUTIONS · ADMIN GUIDE

Fees and payments

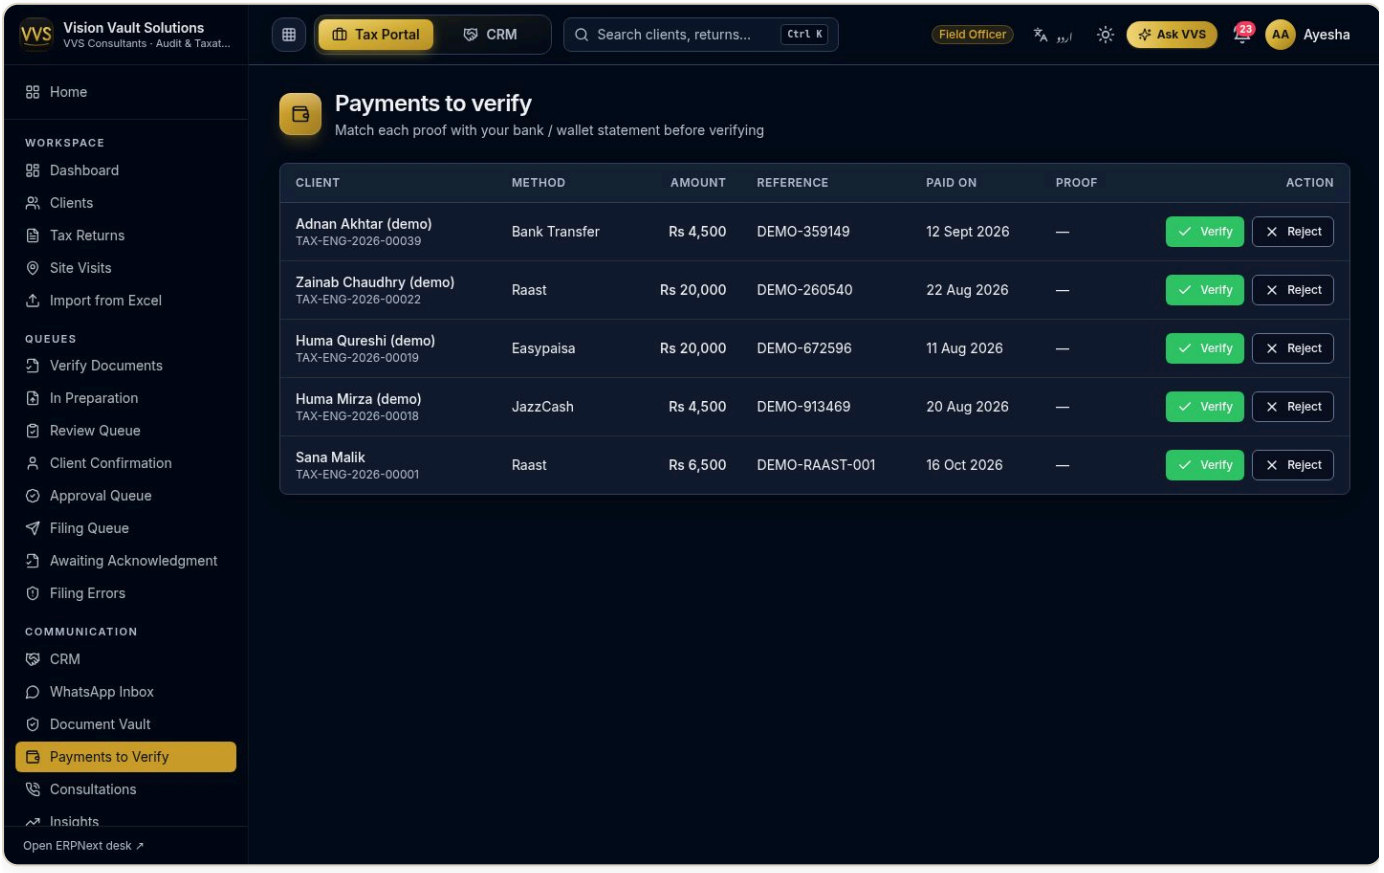

Clients pay by bank transfer or wallet and upload the proof; the admin checks it against the bank and the invoice is created.

Who: **Tax Admin** · the **client**

1 Verify a payment

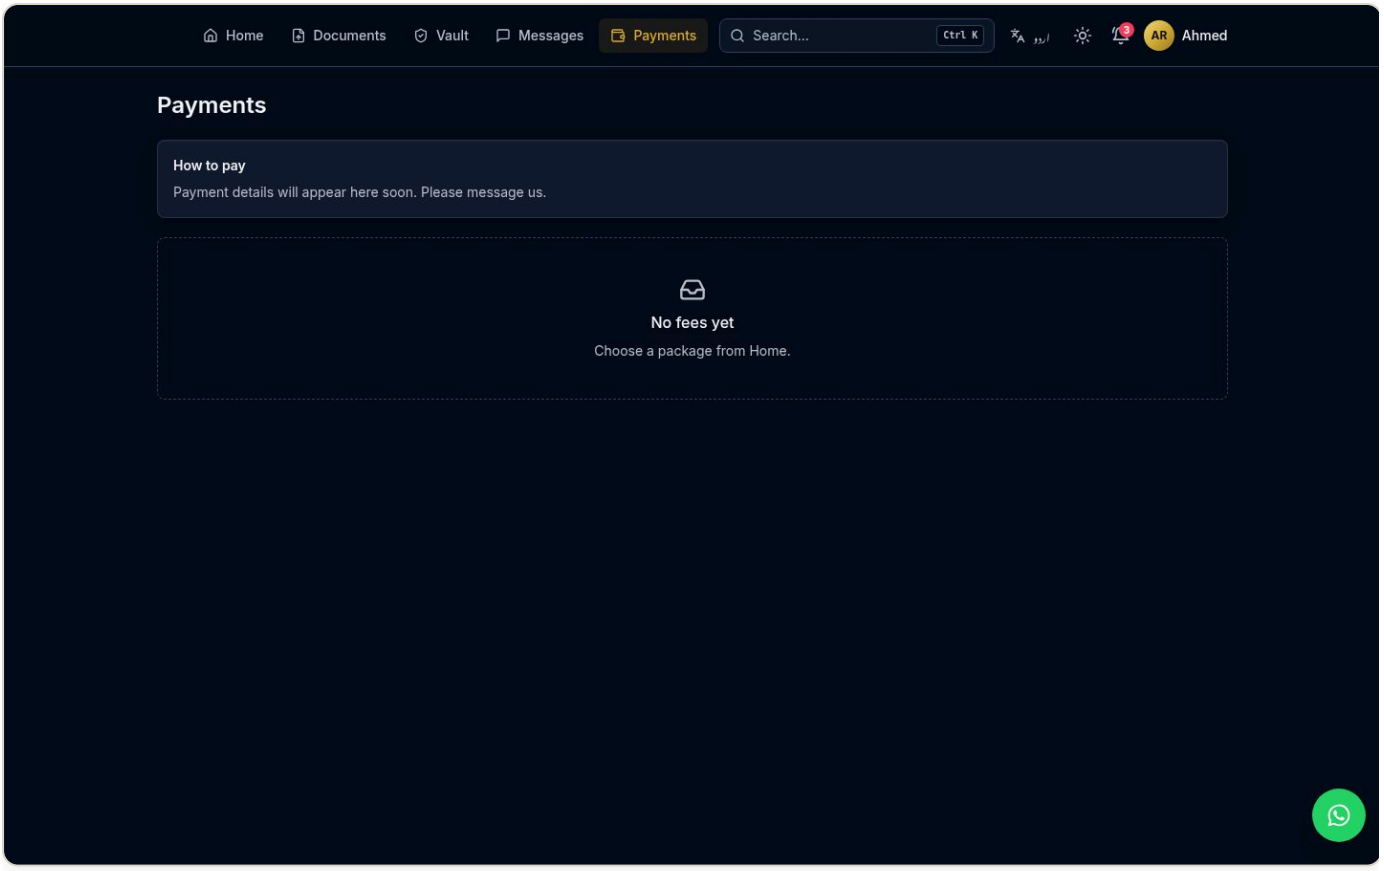

1. **Payments to Verify**: match each proof with the bank or wallet statement.
2. **Verify** creates the invoice and payment; **Reject** needs a reason the client sees.

Payments to verify.

2 What the client sees

1. The fee, the firm's bank details, and the upload for the proof.

The client's payments page.
