VISION VAULT SOLUTIONS · TAX ADMIN GUIDE

Setup — firm, team, roles and Ask VVS

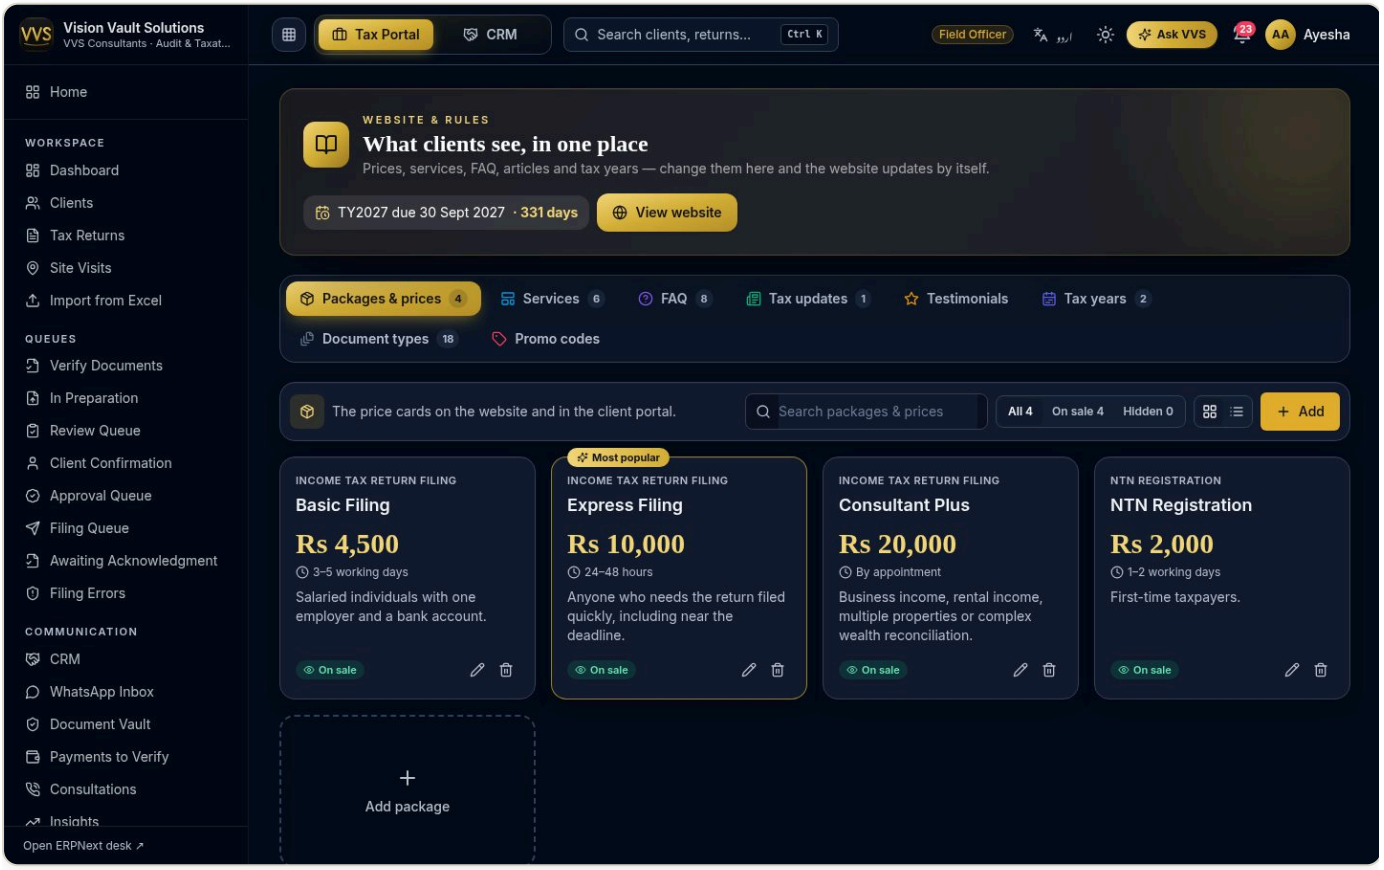

What the Tax Admin sets once: the firm's details and website, the connections (WhatsApp, email, payments), the team and their roles.

1 · Website	2 · Settings	3 · Team	4 · Roles	5 · Ask VVS
Firm, services, FAQ	WhatsApp, email, pay	Logins, roles	Who may do what	Per person

Who: **Tax Admin**

1 Website & rules

1. **Website & Rules**: firm name, contact details, services and prices, FAQ, tax updates and testimonials (only with the client's consent).

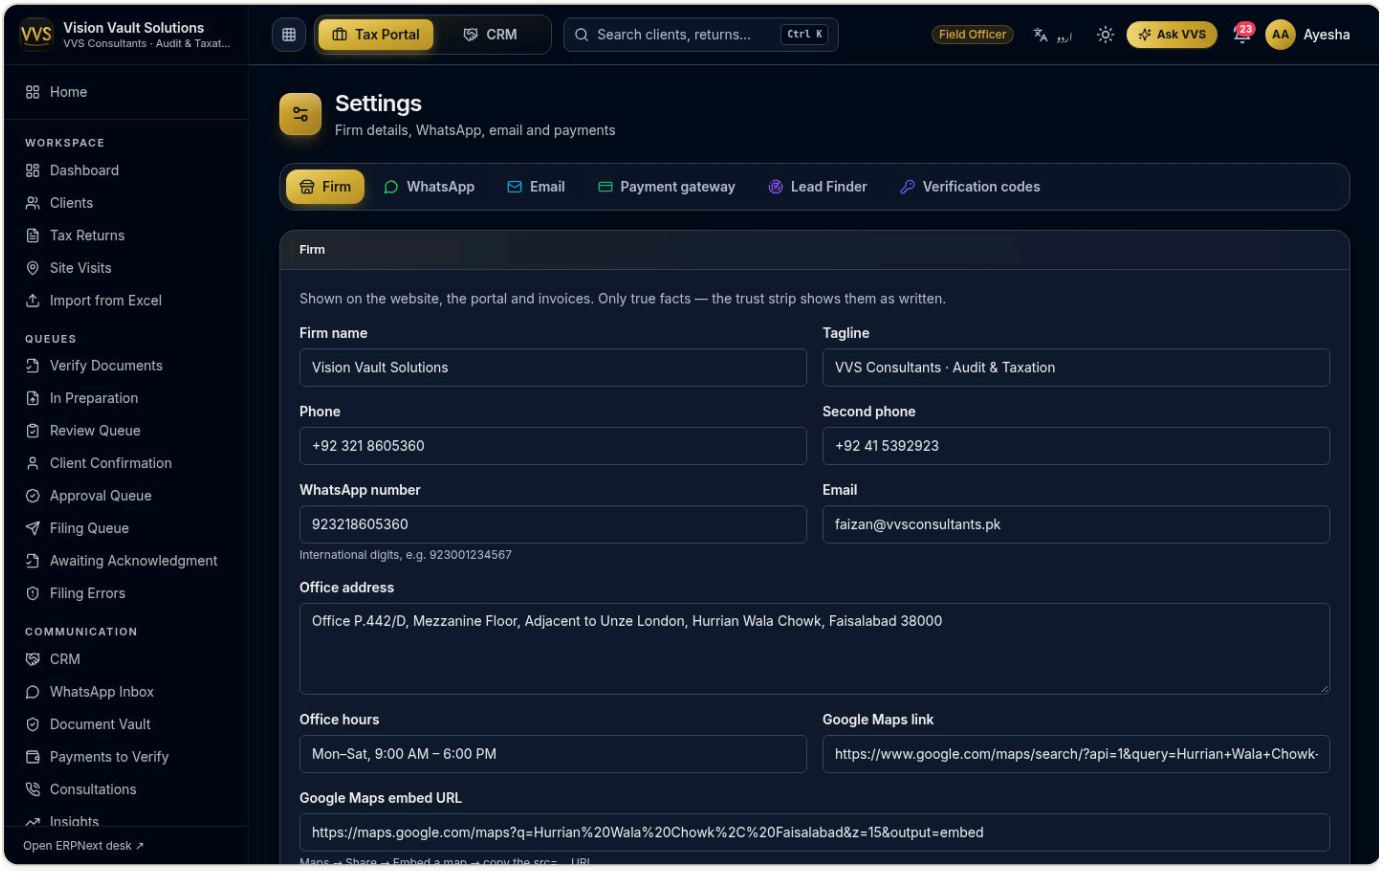

Website & Rules.

2 Settings

1. **WhatsApp**: click-to-chat works now; the Cloud API sends automatic updates once Meta approves the templates.
2. **Email**: the outgoing account for invitations and notices.

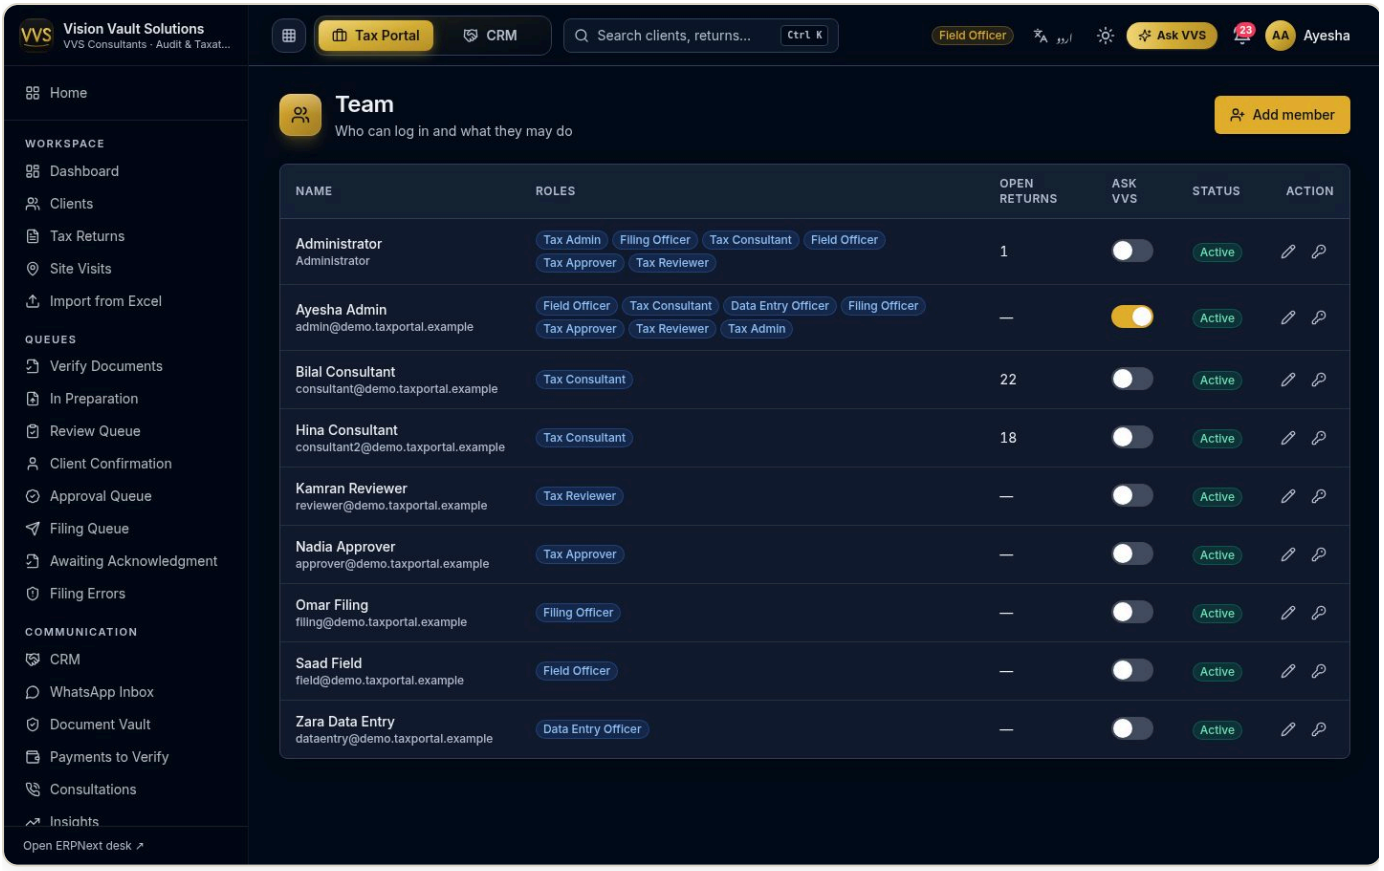

3. **Payments**: the bank and wallet details clients pay to.
4. Secrets are stored encrypted and never shown again.

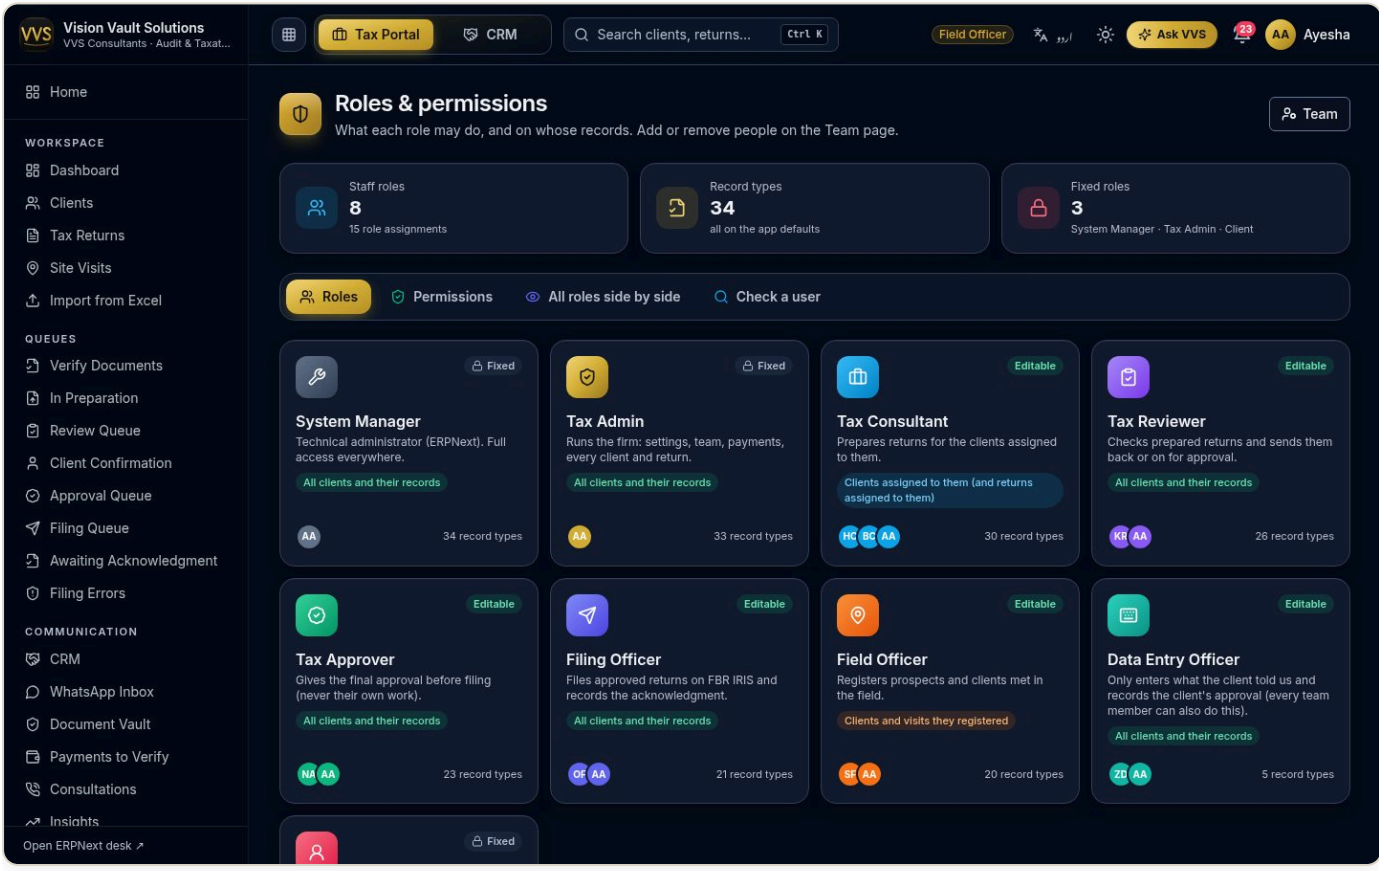

Settings: firm, WhatsApp, email, payments.

3 Team, roles and Ask VVS

1. **Team**: add a person, give the role they work in, and switch **Ask VVS** on for them.
2. **Roles & Permissions**: what each role may read and change.

Team: roles and the Ask VVS switch.

Roles & Permissions.

Screens in this guide are from the VVS tax portal with demo data (November 2026). Tax figures shown are estimates from demo slab rates.
